The green track of the Viaduct

Des Gorges du Tarn au Causse du Larzac

déviation trace verte (Gbarrabe)

From Millau, a cycle and pedestrian stroll of 16 km along the banks of the Tarn. Numerous viewpoints, wooded passages, discovery of villages, the Viaduct...

A charming environment for a route in the heart of the Grands Causses Regional Natural Park.

All useful information

⚠ Advices

This connection alternates roads, paths and rocky paths. The part "path” is accessible only in HYBRID BIKE and MTB, portions with strong slopes.

One part of the Trace Verte lends routes on the edge of the river; Certain sectors are submersible in case of floods.
